

Mateo Bermann

Experience

Economist · Generalitat de Catalunya *March 2023 - Current*

Within different units of the Departament de Drets Socials, I fulfilled many data analysis tasks, creation of technical reports and a member of the Social Talent plan and the Data Governance Model.

Transportation Specialist · Amazon *Septembre 2021 - April 2022, August 2022 - February 2023*

As a member of Relay Operations Center, I was a part of the department responsible of solving issues in the Southern Europe transportation network with Amazon's software, and the coordination of a number of agents: fulfillment centers, delivery stations, carrier companies and other departments inside the company.

I've also implemented a control mechanism of the schedulin in-house.

Intern in Data Analytics · TechData *May 2022 - August 2022*

Being part of a data analysis team at Tech Data, we carried out the generation of business intelligence reports and data management with Microsoft SQLServer and a SAP environment (Crystal Reports).
